SKILLS

Languages:	Java (Core & Advanced), C++, JavaScript
Backend & Web:	Spring Boot, REST APIs, Servlets, JSP, JDBC, Hibernate
Tools/Platforms:	Spring Tool Suite, Apache Tomcat, Postman, Oracle-DB, MySQL
Soft Skills:	Problem-Solving, Communication skills, Team Collaboration, Adaptability

PROJECTS

E-commerce Web Application | [GITHUB](#) | JAVA, SPRING BOOT, HIBERNATE, REST API, ORACLE Mar' 26

- Developed an E-commerce web application to manage product browsing, cart operations, and order placement, enabling users to interact with the system through a clean and user-friendly interface.
- Implemented using Spring Boot with a layered architecture (Controller–Service–Repository) and integrated Hibernate/JPA for efficient database management, handling entities like users, products, cart, and orders.
- Successfully built a scalable backend system that demonstrates real-world features such as REST API integration, relational data handling, and complete order processing flow, improving overall application performance and usability.

Employee Management System | [GITHUB](#) | JAVA, SERVLET, JDBC, JSP, ORACLE-DB Nov' 25

- Built a web-based Employee Management System to efficiently handle employee data with full CRUD (Create, Read, Update, Delete) operations.
- Implemented using Java technologies (Servlets, JSP, JDBC) with a Controller–DAO layered architecture, and integrated Oracle DB for backend data management.
- Delivered a scalable and organized system that ensures efficient data handling, clear separation of concerns, and smooth user interaction for managing employee records.

TRAINING

Naresh I Technologies Mar' 24 – May' 24

Advanced Java Training

- Completed an in-depth course on Advanced Java, covering Servlets, JSP, JDBC, MVC concepts, and web application development.
- Built hands-on mini-projects to solidify backend development concepts.
- Strengthened understanding of Java web technologies essential for Spring development.

Briztech Infosystems Pvt. Ltd. Oct' 23 – Nov' 23

Java Full Stack Training

- Completed one-month hands-on full-stack internship covering Java, frontend basics, and backend integration.
- Gained practical experience in Java application development, industry workflows, and project execution.
- Strengthened understanding of Java coding standards, debugging, and application deployment basics.

CERTIFICATES

Data Structure and Algorithm | [W3Grads](#) | July' 25

MySQL | [Udemy](#) | Sep' 24

Advanced Java | [Naresh I Technologies](#) | May' 24

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug' 2024 – Present

Computer Science and Engineering
CGPA: 7.72

Madhupur Polytechnic Madhupur Madhupur, Jharkhand
Diploma in Computer Engineering and Application Jul'2021-July'2024

Percentage: 64.69%

R.N Shahi project +2 High School Madhupur, Jharkhand
Matriculation March'2020-May'2021

Percentage: 80.20%
